

English and Maths

Adult Community Learning offer Functional Skills English and maths courses.

What are Functional Skills

Functional Skills are practical skills in English and maths. Functional Skills will provide you with essential knowledge, skills and understanding enable you to operate confidently, effectively in life and work.

If you are interested in joining a course then the first step is to enrol onto an Assessment Session.

During this session you will take part in an online Initial Assessment activity which will identify your current skill level. Following on from that you will undertake a Diagnostic Assessment which will help to identify your strengths and identify which skills you need to improve on.

During the Assessment Session you will also talk with a tutor who will help you to understand more about the qualification you will be working towards, the course content and the level of commitment you will need to make to be successful.

Assessment sessions will take place on a range of dates.

If you would like to book a place on an assessment session

Telephone: 03330 132158
